

Dr. Robert M. Farrier
Assistant Director
The Clinical Center
National Institutes of Health
Bethesda 14, Maryland

Dear Bob:

Herewith is a letter from Mrs. Allen
H. W. Higgins of [redacted]
suggesting another cure possibility for the
Secretary of State.

Will you please see that it is given
the usual consideration and let me have your
suggestion as to how it should be answered.

With many thanks,

Sincerely,

[redacted]

Assistant to the Director

EXECUTIVE REGISTRY

STAT

March 9 '59

Dear Mrs. Dulles -

I want to bring to your attention the successful and painless treatment of cancer which Dr. Revici is administering in Trosalgar Hospital, 161 E. 90th St. N.Y.C.

My husband is in Trosalgar now and well on the way to recovery after being given up as a hopeless case by two of Boston's leading surgeons.

Dr. Revici has not been well accepted by the Am.

Mrs. Allan H. W. Higgins

STAT

Medical Association up to this time. I have largely three prejudices of one kind and another.

Devoting Dulles' own physicians might take no action on this information but I urge you to look into it at once. Time is very important in the treatment.

Mr. Higgins is a well known attorney and would be happy to hear from you at the hospital and give his reactions to the treatment he is receiving.

Sincerely yours,
Mrs. Allan H. W. Higgins
